

QUALITY POLICY

QUALITY STATEMENT

At 8build we are united in our commitment to satisfy the needs and expectations of clients, sub-contractors and others who may be affected by our business activities. This Quality Statement provides the framework for our quality management system and strategic direction.

To achieve this we shall:

- Meet our clients' needs and expectations
- Provide the appropriate leadership to continually improve our quality management system
- Ensure the involvement of our people
- Manage our activities and related resources as a process
- Take a systematic, risk based approach to determine the type and scope of controls used
- Achieve continual improvement by identifying measurable key performance indicators and using the 'plan, do, check and act cycle' to address them
- Take a factual approach to decision making
- Establish mutually beneficial supplier relationships
- At regular intervals, top management shall review each aspect of our quality management system and revise it as required.

Our Quality Management System complies with the requirements of ISO 9001:2015 and the statutory and regulatory requirements.
